**APR 11 2003**

**INDIANA UTILITY REGULATORY COMMISSION**

**CAUSE NO. 41657**

You are hereby notified that on this date, the Indiana Utility Regulatory Commission has caused the following entry to be made:

On April 2, BearingPoint, Inc. ("BearingPoint") gave a brief overview and answered questions regarding the third-party test audit of SBC Indiana's OSS and performance measures and systems. On April 3, Ernst & Young LLP ("Ernst & Young") gave a presentation and answered questions regarding its performance measure audit of SBC Indiana. The sessions with both vendors were noticed and transcribed for the record. Following the Ernst & Young session on April 3, certain dates were discussed for the filing of comments on the Ernst & Young audit and SBC's three months of performance measure data and a related affidavit from Mr. James Ehr (SBC).

At the conclusion of the session with Ernst & Young, a collaborative session was held. The collaborative reviewed the procedural discussions held in conjunction with the vendor sessions and developed a schedule for filings on certain additional issues. Finally, the collaborative integrated the procedural schedules developed April 2 and 3 with the most recent procedural schedule previously set forth in Commission docket entries. The following integrated schedule was forwarded to the presiding judge and all parties:

April 10 -- SBC to circulate a revised line splitting compliance plan; information on the status of the CLEC migration process for data services; and an update on SBC's efforts to address the concerns of CLECs regarding its Street Address Guide (SAG) and to implement the requirements of the Illinois Commerce Commission throughout the five SBC Midwest states.

April 17 -- CLECs and the OUCC to file briefs and/or affidavits addressing the BearingPoint Interim Report and SBC's March 18 filing regarding the A-AA issues (per 3/25/03 docket entry).  
NOTE: The 41657 filings on the pricing and costing issues are currently due on April 17; however, parties propose to extend the filing date to April 28.

April 28 – CLECs and the OUCC to file briefs and/or affidavits on the OSS and process issues referred from Cause No. 40611-S1 to this Cause; SBC's revised line splitting compliance plan (which SBC filed on April 10, 2003); the Ernst & Young audit and SBC's three months of performance measure data and a related affidavit from Mr. James Ehr (SBC); and Section 271 pricing and costing issues.

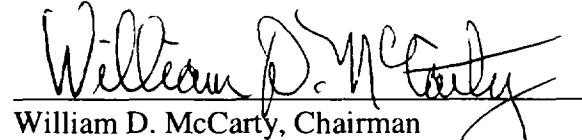

May 1 -- SBC to file its reply brief and/or affidavits responding to the April 17 filings (per 3/25/03 docket entry).

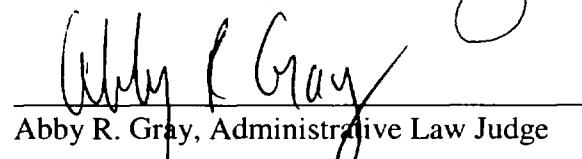

May 8 -- SBC to file its reply brief and/or affidavits responding to the April 28 filings.

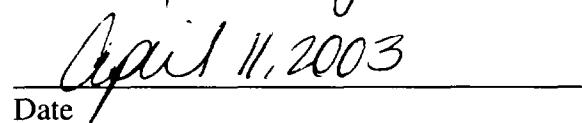

**NOTE:** Attached is what the IURC records indicate is the most recent version of SBC's price list.<sup>1</sup> The OUCC and CLECs should refer to this price list when commenting on SBC's prices and costs in this Cause.<sup>2</sup> SBC should also refer to this list when responding to the CLECs and OUCC comments. If SBC has a more current price list or a more comprehensive price list, SBC should notify us immediately and supplement the record.

The presiding officers, being sufficiently advised in the premises, now find that said schedule is appropriate and should be instituted in this Cause. To the extent the schedule changes dates set in an earlier docket entry, those dates should be changed to reflect this most recent schedule.

**IT IS SO ORDERED.**

Secretary to the Commission

<sup>1</sup> The IURC obtained the price list from the last facilities-based interconnection agreement deemed effective by the IURC. It is the interconnection agreement between SBC and QuantumShift Communications Inc., Cause No. 40572-INT-191ND and was deemed effective on March 26, 2003.

<sup>2</sup> At a minimum, CLECs and the OUCC should provide specific citations to the prices, rate elements, USOCs, and UNE zones (where applicable) shown on this price list when indicating whether the rates and charges that SBC is proposing in the instant cause are in compliance with Section 252(d), Section 271, FCC orders and rules, or IURC orders.

## APPENDIX PRICING

### 1. INTRODUCTION

- 1.1 This Appendix sets forth the pricing terms and conditions for the applicable SBC Communications Inc. (SBC) owned Incumbent Local Exchange Carrier (ILEC) identified in 1.2 below. The rate table included in this Appendix is divided into the following five categories: Unbundled Network Elements (UNEs), Resale, Other (Resale), Other and Reciprocal Compensation. These categories are for convenience only and shall not be construed to define or limit any of the terms herein or affect the meaning or interpretation of this Agreement.
- 1.2 SBC Communications Inc. (SBC) means the holding company which owns the following ILECs: Illinois Bell Telephone Company, Indiana Bell Telephone Company Incorporated, Michigan Bell Telephone Company, Nevada Bell Telephone Company, The Ohio Bell Telephone Company, Pacific Bell Telephone Company, The Southern New England Telephone Company, Southwestern Bell Telephone Company, and/or Wisconsin Bell, Inc. d/b/a Ameritech Wisconsin.
- 1.3 As used herein, AM-IN means the applicable above listed ILEC doing business in Indiana.
- 1.4 If a rate element and/or charge for a product or service contained in, referenced to or otherwise provided by AM-IN under this Agreement (including any attached or referenced Appendices) is not listed in this Appendix PRICING, including any rates and/or charges developed in response to a CLEC Bona Fide Request(s) (BFR), such rates and charges shall be determined in accordance with Section 252(d) of the ACT; provided however, if AM-IN provides a product or service that is not subject to the pricing principles of the Act, such rate(s) and/or charges shall be as negotiated by AM-IN and CLEC.
- 1.5 Except as otherwise agreed upon by the Parties in writing, AM-IN shall not be required to provide CLEC a product or service under this Agreement unless and until the Parties have agreed upon a rate element or charge (whether a final rate/charge or, as agreed upon by the Parties, an interim rate/charge subject to a true-up, true-down) applicable to the requested product and/or service.
- 1.6 Certain of the rates, prices and charges set forth in this Appendix Pricing were established by the Commission. If during the Term the Commission or the FCC changes a rate, price or charge in an order or docket that generally applies to the products and services available hereunder, the Parties agree to amend this Appendix Pricing to incorporate such new rates, prices and charges with such rates, prices and charges to be effective as of the date specified in such order or docket.

- 1.7 The following defines the zones found in this Appendix Pricing:

For Loops:

Exchange Area    Total Access Lines:

Rate Group:

1	See: Tariff 20, Part 4, Section 2, Sheets 2-2.1
2	See: Tariff 20, Part 4, Section 2, Sheets 2-2.1
3	See: Tariff 20, Part 4, Section 2, Sheets 2-2.1

For Unbundled Interoffice Transmission Facilities:

Rate Zone:    Total Access Lines:

Zone 1	See: FCC #2, Section 7,m Subsection 7.7
Zone 2	See: FCC #2, Section 7,m Subsection 7.7
Zone 3	See: FCC #2, Section 7,m Subsection 7.7

- 1.8 For modifications of AM-IN's plant facilities not specifically included in the following tables see the BFR process described in Appendix UNE.

## 2. RECURRING CHARGES

- 2.1 Unless otherwise identified in the Pricing Tables, where rates are shown as monthly, a month will be defined as a 30 day calendar month. The minimum term for each monthly rated Unbundled Network Element (UNE), Resale, Other (Resale), Other and Reciprocal Compensation elements will be one (1) month. After the initial month, billing will be on the basis of whole or fractional months used. The minimum term for non-monthly rated UNEs, if applicable, will be specified in the rate table included in this Appendix. A longer minimum service period may apply for UNEs provided under the BFR process, as set forth in the UNE Appendix of this Agreement.

- 2.2 CLEC shall pay for applicable usage on completed calls as described in sections 11 and 12 of Appendix UNE.

For purposes of reciprocal compensation only, measurement of minutes of use over Local Interconnection Trunk Groups shall be in actual conversation seconds. The total conversation seconds over each individual Local Interconnection Trunk Group will be totaled for the entire monthly bill and then rounded to the next whole minute.

- 2.3 Where rates are distance sensitive, the mileage will be calculated on the airline distance involved between the locations. To determine the rate to be billed AM-IN will first compute the mileage using the V&H coordinates method, as set forth

in the National Exchange Carrier Association, Inc. Tariff FCC No 4. When the calculation results in a fraction of a mile, AM-IN will round up to the next whole mile before determining the mileage and applying rates.

### **3. NON-RECURRING CHARGES**

- 3.1 Where rates consist of usage sensitive charges or per occurrence charges, such rates are classified as “non-recurring charges”.
- 3.2 Nonrecurring Charges may be applicable for all five (5) categories of rates.
- 3.3 Consistent with FCC Rule 51.307(d), there may be non-recurring charges for each UNE.
- 3.4 For Resale, when a CLEC converts an End User currently receiving non-complex service from the AM-IN network, without any changes to AM-IN’s network, the normal service order charges and/or nonrecurring charges associated with said additions and/or changes will apply.
- 3.5 CLEC shall pay a non-recurring charge when a CLEC adds a signaling point code. The rates and charges for signaling point code(s) are identified in the Appendix SS7. This charge also applies to point code information provided by CLEC allowing other Telecommunications Carriers to use CLEC's SS7 signaling network.
- 3.6 CLEC shall pay a service order processing/administration charge for each service order submitted by CLEC to AM-IN to process a request for installation, disconnection, rearrangement, changes to or record orders for UNEs and Resale.
- 3.7 Some items, which must be individually charged (e.g., extraordinary charges, CLEC Changes and etc.), are billed as nonrecurring charges.
- 3.8 Time and Material charges (a.k.a. additional labor charges) are defined in the Pricing Tables.

### **4. UNBUNDLED LOCAL SWITCHING (ULS)**

- 4.1 The Rate Structure for ULS will be one of 2 rate structures: Stand Alone ULS or ULS – Shared Transport (ULS-ST)

4.2 General Principles for Stand Alone ULS

- 4.2.1 Stand Alone Unbundled Local Switching (ULS) includes a single usage sensitive component in addition to the appropriate non-recurring and monthly recurring rates contained in the rate table.
- 4.2.2 CLEC will pay the ULS usage charge for a call originating from an CLEC ULS line or trunk port that terminates to a **AM-IN** End User service line, Resale service line, or any unbundled line or trunk port which is connected to the same End Office Switch.
- 4.2.3 CLEC will pay the ULS usage charge for a centrex-like ULS intercom call in which CLEC's user dials from one centrex-like station to another centrex-like station in the same common block defined system.
- 4.2.4 Notwithstanding anything to the contrary in Sections 4.2.2 and 4.2.3, **AM-IN** will not bill a ULS usage charge for terminating Intra switch calls.

4.3 General ULS-ST information

- 4.3.1 Beginning on October 9, 2000, **SBC-AMERITECH** no longer provides Unbundled Local Switching with Interim Shared Transport (ULS-IST), but rather provides Unbundled Local Switching with Shared Transport (ULS-ST) in accordance with Appendix C, paragraph 56 of the Federal Communications Commission's Memorandum Opinion and Order, CC Docket No. 98-141 (FCC 99-279, rel. October 8, 1999).
- 4.3.2 Unbundled Local Switching with Shared Transport (ULS-ST) offering is available through the UNE Appendix that contains the applicable terms and conditions.

5. **BILLING**

- 5.1 For information regarding billing, non-payment, disconnects and dispute resolution, see the General Terms and Conditions of this Agreement.

6. **APPLICABILITY OF OTHER RATES, TERMS AND CONDITIONS**

- 6.1 Every interconnection, service and network element provided hereunder, shall be subject to all rates, terms and conditions contained in this Agreement which are legitimately related to such interconnection, service or network element. Without limiting the general applicability of the foregoing, the following terms and conditions of the General Terms and Conditions are specifically agreed by the

Parties to be legitimately related to, and to be applicable to, each interconnection, service and network element provided hereunder: definitions, interpretation, construction and severability; notice of changes; general responsibilities of the Parties; effective date, term and termination; fraud; deposits; billing and payment of charges; non-payment and procedures for disconnection; dispute resolution; audits; disclaimer of representations and warranties; limitation of liability; indemnification; remedies; intellectual property; publicity and use of trademarks or service marks; no license; confidentiality; intervening law; governing law; regulatory approval; changes in End User local exchange service provider selection; compliance and certification; law enforcement; no third party beneficiaries; disclaimer of agency; relationship of the Parties/independent contractor; subcontracting; assignment; responsibility for environmental contamination; force majeure; taxes; non-waiver; network maintenance and management; signaling; transmission of traffic to third parties; customer inquiries; expenses; conflicts of interest; survival; scope of agreement; amendments and modifications; and entire agreement.
